

REGISTRATION AND NUMBERING REQUIREMENTS

All undocumented vessels equipped with propulsion machinery must be registered in the state of principal use. When you register your boat, you will be issued a certificate of number which must be displayed on your vessel. The owner/operator of a vessel must carry a valid certificate of number whenever the vessel is in use.

Registration numbers must be painted or permanently attached to each side of the forward half of the vessel and no other letters or numbers may be displayed there.

Horseshoe Lake Boat stickers must also be displayed at the bow of the boat, under the registration numbers so as not to block the view of the registration numbers.
